EDUCATION

Bachelor of Technology (Artificial intelligence) Newton School of Technology, Rishihood University	2025 - 2029 Grade: Pursuing
Intermediate (Class XII) Jamia Senior Secondary School	2024 - 2025 Grade: 82.6%
Matriculation (Class X) Jamia Senior Secondary School	2022 - 2023 Grade: 91.4%

PROJECTS

CriCode – Cricket-Inspired Coding Analytics Dashboard ([Github](#)) ([Demo](#)) March 2026

- Developed a production-grade dashboard using **React**, **Vite**, **Tailwind CSS**, **React Router**, and **Recharts** to gamify coding progress through cricket-based performance metrics.
- Implemented features such as **streak tracking**, **XP/runs statistics**, **missions**, **badges**, **leaderboards**, and **analytics dashboards** with a fully responsive UI.
- Built interactive data visualizations and progress tracking systems to provide users with actionable insights into coding productivity and skill growth.
- Strengthened skills in **frontend architecture**, **state management**, **responsive design**, **routing**, and **data visualization**.

Food Finder – Recipe Discovery Web Application ([Github](#)) ([Demo](#)) February 2026

- Built a responsive food search application using **HTML**, **CSS**, **JavaScript (ES6)**, and **Fetch API** that allows users to discover meals and detailed recipe information.
- Integrated **TheMealDB API** to dynamically fetch and display meal data, including ingredients, cooking instructions, categories, and tutorial videos.
- Implemented **sorting functionality using higher-order functions (map, sort)**, favorites management using **localStorage**, and dark/light theme support.
- Improved user experience through **responsive design**, **dynamic DOM manipulation**, **asynchronous programming**, and **API integration**.

SKILLS

Computer Language: CSS, HTML, JavaScript

Soft Skill: Leadership, Responsibility, Teamwork

Frameworks & Libraries: React, Tailwind CSS

EXTRA-CURRICULAR ACTIVITIES

GDG Rishihood —Member

2025– Present

- Assisted in planning and managing workshops, hackathons, and event logistics.
- Coordinated communication between speakers, attendees, sponsors, and partner communities to ensure smooth event execution.
- Supported sponsorship outreach efforts by identifying potential partners, drafting proposals, and facilitating follow-ups.
- Helped increase participant engagement through content creation, social media promotion, and community outreach campaigns.
