Grade: 82.6%

Matriculation (Class X)
Jamia Senior Secondary School

2022 - 2023
Grade: 91.4%

PROJECTS

Tic-Tac-Toe Game ([Demo](#))
HTML, CSS, JavaScript

November 2025

- Developed a fully interactive Tic-Tac-Toe game with a clean UI and two-player mode.
- Implemented game logic including win detection, draw conditions, and turn alternation.
- Added validation to prevent invalid moves and highlight winning combinations.
- Improved code structure using functions/modules for readability and reusability.

CareConnect – Healthcare Website ([Demo](#))
HTML, CSS, JavaScript, Responsive Design

September 2025

- Designed and developed a responsive healthcare website with dedicated sections for services, doctors, reviews, and contact information.
- Implemented smooth navigation, interactive UI components, and clean layout for better user experience.
- Added appointment booking form with validation to collect user details effectively.
- Optimized structure and styling for mobile responsiveness using CSS flexbox/grid.
- Deployed the project using GitHub Pages for easy access and portfolio showcasing.

SKILLS

Computer Languages: CSS, HTML, JavaScript, Python

Soft Skills: Leadership, Responsibility, Teamwork

EXTRA-CURRICULAR ACTIVITIES

GDG Rishihood —Member

2025– Present

- Assisted in planning and managing workshops, hackathons, and event logistics.
- Coordinated communication between speakers, attendees, sponsors, and partner communities to ensure smooth event execution.
- Supported sponsorship outreach efforts by identifying potential partners, drafting proposals, and facilitating follow-ups.
- Helped increase participant engagement through content creation, social media promotion, and community outreach campaigns.
